Research Facility Information

Check any of the following that will be used in your laboratory:

- Radioisotope and/or Laser use Contact the Radiation Safety Office at 644-8801 for additional information.
- Chemical use Contact the Chemical Safety Office at 644-7682 or attach the *Hazardous Materials Registration Update (EHS 8-3)* and a *Chemical Inventory (EHS 8-1)*.
- Controlled Substance use Contact the Laboratory Safety Office at 644-8916 or attach the *Controlled Substance Request for Registration Information (EHS 9-1)*.
- Etiologic/Select Agent or Recombinant DNA Molecule Contact the Biological Safety Office at 644-5374 or attach the *Etiologic/Select Agent Registration Update (EHS 7-6)* and/or the *Recombinant DNA Registration Update (EHS 7-7)*.
- Animal Use Contact Laboratory Animal Resource (LAR) at 644-4262 for additional information. For vertebrate animal contact personnel that wish to participate in the Medical Monitoring Program, attach the *Medical Monitoring for Vertebrate Animal Users (EHS 7-2)* form or call 644-9117.

Safety information and training

All individuals who are in the laboratory should review the appropriate radiation, biological, and chemical safety information online at www.safety.fsu.edu. Also, be sure to contact the appropriate office to schedule safety training.
